

ANDERSON'S PRAYER UPDATE

08-12-2011

"So you, my child, be strong in the grace that is in Christ Jesus. And entrust what you heard me say in the presence of many others as witnesses to faithful people who will be competent to teach others as well.."

2 Timothy 2:1-2

Partners in prayer,

Back to School! I used to hate seeing this title on sales in the late summer. Why celebrate the death of freedom, frolicking and fancy-free days of summer? My perspective has changed over the last 30-35 years. I now recognize the importance of education and preparation for life and ministry.

School is back in session in Maceió. Last week a modular class on discipleship of new believers began under the tutelage of Pastor Eriomar Maia. Two of the students are involved in ministries that are very dear to our hearts. Fernando continues to work with the youth in Jardim Petropolis. They are using our home until it sells. Pedro called recently and told us of the growth in the lives of different teens.

Two other seminary students, Enoque and Emerson, are attempting to restart the work in Vila Rica. We praise God for their burden and labor.

Well I need to run, crayons and socks are on sale at KMART!

His servants and your co-laborers,

Dan & Linda Anderson

20 YEARS! Did I forget to mention that Linda and I celebrated our 20th anniversary in July? I am so blessed.
