Church Planting Ministries

Dear Friends,

July 2011

Dear Friends,

We praise The Lord for Hyland Heights Baptist Church's short term mission team who were with us for about 10 days. What a blessing they were. They were involved in many different ministries, one being support to a church that has begun in a town up in the mountains. The pastor there was very grateful for our support of their ministry in that small town. We saw persecution from the local Catholic priest, the type which I have not seen in years, as he announced on church speakers for no one to take the literature we were passing out and not to attend any of our events. The team also had a hands on work day, helping a family that Joel had chosen for some slight home addition make over. What a joy to see Gods' love demonstrated in a very tangible way. The work had actually started weeks before, as two new rooms were added to the one bedroom home for a family of 6. That night we had an outdoor meeting in their front yard. What a testimony to all the neighbors who never come to church. Another event was making many, many visits and contacts door to door. Then there were 2 days of sports events and many social activities for the community. The 2nd day we had 375 present to hear the Gospel and see it presented in skit form. We praise God for the many salvation decisions made during these days.

For Him, Joel & Melissa
