WE'VE JOINED THE RANKS OF THE 'OCTOGENATED!!'

Jeanne had a very BIG birthday on June 25th! The whole family gathered to celebrate this momentous occasion. Some made the short trip from next door, others traveled across town, some across states; but Phil & Rachel took the record by coming from across several countries to be there!

Each family group gave Jeanne a special butterfly tea cup and saucer which she now has displayed in the living room. She also has a special card with 'butterfly moments' memories written by each family member. It's a reminder of the moments of beauty she has brought into her family's lives.

One of the big things on the agenda was to get lots of family pictures – and we did. Jim alone took over 200 of different family configurations. We hope to soon have our 'picture wall' updated with some of these photos.

Enjoy our memories of that special day!

Jeanne enjoys her case of tea cups representing each family group & her card with messages from kids and grandkids!

The family brought her favorite foods for lunch — including butterfly brownies we shared at the party.

The 'memo' said to wear jeans & patriotic colors—and it worked! Here's our family:
